## Vascular Solutions Expands Varicose Vein Product Offering with New Procedure Packs

MINNEAPOLIS, Minnesota — Vascular Solutions, Inc. recently added to its varicose vein product offering with the introduction of new procedure packs, including a basic low-cost pack, a phlebectomy pack and a comprehensive pack featuring ChloraPrep® prep solution.

The new procedure packs, which provide all of the sterile accessories generally used in procedures to treat varicose veins, add to Vascular Solutions' existing line of standard and custom procedure packs. The procedure packs are currently available in the United States.

Vascular Solutions, Inc. is a leading medical device company that delivers proprietary clinical solutions for diagnosing and treating vascular conditions. The company's rapidly growing product line consists of innovative devices across established and emerging areas of coronary and peripheral vascular medicine. For more information, visit [www.vascularsolutions.com](http://www.vascularsolutions.com) and [www.treatveins.com](http://www.treatveins.com).

ChloraPrep is a registered trademark of Enturia, Inc.
